- Apply sand, salt, and de-icing agents as required
- Assist with general facility and grounds maintenance tasks
- Conduct pre- and post-operation inspections of equipment to ensure safe working condition
- Respond promptly to changing weather conditions and operational requirements
- Adhere to airport safety procedures, Transport Canada regulations, and airside operational procedures at all times

Qualifications:

- Previous experience in maintenance, groundskeeping, snow removal, or equipment operation is an asset (training provided for successful candidates)
- Ability to safely operate maintenance vehicles and equipment in winter conditions
- Must be able to work outdoors in varying weather conditions and perform physically demanding tasks (lifting, shoveling, repetitive motion)
- Flexible availability, including early mornings, nights, weekends, holidays, and on-call shifts during snow events
- Must have a valid DZ driver's license
- Ability to obtain and maintain a Transport Canada security clearances
- Successfully procure an Airside Vehicle Operators Permit (AVOP) and Radio Telephone Operators Permit within 2 weeks following the start of employment

Compensation & Schedule:

- Competitive hourly wage, based on experience
- Seasonal full-time hours, subject to weather conditions
- Potential extension beyond March 31, 2026, depending on operational needs and weather
