

WINTER SEASONAL MAINTENANCE

November 9, 2026–March 14, 2027 | Overall contract length weather dependant

POSITION OVERVIEW

The London International Airport is seeking motivated and safety-conscious individuals to join our team for Winter Seasonal Maintenance. This position plays a vital role in ensuring the airport remains safe, operational, and accessible throughout the winter months. Work will take place on both the airside and public side areas of the airport, with responsibilities focused on snow removal, ice control, and general maintenance.

KEY RESPONSIBILITIES

- Remove snow and ice from runways, taxiways, aprons, roads, sidewalks, and parking lots using plows, sweepers, sanders, snow blowers, and shovels
- Apply de-icing materials and assist with facility and grounds maintenance
- Inspect equipment before and after use for safe operation
- Respond to changing weather and operational needs
- Follow all airport safety requirements, Transport Canada regulations, and airside operating procedures

QUALIFICATIONS

- Related maintenance, snow-removal, or equipment experience is an asset; training is provided
- Safely operate maintenance vehicles and equipment in winter conditions
- Able to work outdoors in all weather and perform physical tasks, including lifting and shovelling
- Available for early mornings, nights, weekends, holidays, and on-call snow events
- Valid DZ driver's licence
- Able to obtain and maintain Transport Canada security clearance
- Able to obtain AVOP and Radiotelephone Operator's permits within two weeks of hire

COMPENSATION & SCHEDULE

- Competitive hourly wage rate of \$27.40 plus potential for overtime. Rate is inclusive of all benefits, vacation pay, stat holiday pay.
- **Available full-time, part time, and on-call positions in the event of a major snow event. When applying, please indicate type of position you are interested in.**

WHY JOIN US?

Gain practical experience supporting safe, efficient airport operations with potential for full time permanent employment for the right individuals.
